Re: Jane Gibson -

Copy of a newspaper article - Trenton Evening News of August 14th, 1926.

"Mrs. Gibson lived in Trenton over 6 years. Kirkham & Beans clearly recall Star Witness in Murder case.

Mrs. Jane Gibson, the "Pig Woman" in the Hall-Mills murder case investigation lived for 6 years in Trenton before removing to her farm near New Brunswick. County Adjuster, Fred C. Beans has a letter from Mrs. Gibson, who was known here ~~are~~ as Mrs. Mary Easton, wife of William H. Easton, relative to the case of her daughter, Alice Easton at the Glen Garden Tuberculosis Sanatorium. In it the woman says she lived here from May 1909 to Sept. 1915. Her dwelling at one time was at 286 Hamilton Ave. and later on Greenwood Ave and still later at 338 South Broad St, where she and her husband conducted a second hand furniture store. At one time her husband was employed in the old Trenton Watch Company. Prior to living in Trenton the Easton family lived in Bayonne.

County Detective Kirkham remembered the Eastons during the period of their South Broad Street residence. A son was before the Juvenile Court at the time and on another occasion Detective Kirkham says that he interviewed the woman relative to a badger game operated in rooms over her store."
